FOR Release 7th March 2008, 18:00:

Telelogic join model-based software development event line-up

We are very pleased to welcome Telelogic as a new sponsor for Code Generation 2008.

Award-winning Telelogic software helps customers design, develop, and deliver the world's most advanced and innovative products, systems, and software more efficiently by aligning and optimizing development life cycles and business processes with business objectives and customer needs. More than one third of the Fortune Global 500 companies use Telelogic software including marketing-leading aero /defence, automotive, financial services, software / electronic and telecommunications companies and governments worldwide.

[Code Generation 2008](#) brings together industry experts and leading vendors from areas such as model-driven development, software factories and domain-specific languages in a three-day event covering the practical application of code generation tools and technologies.

The event takes place in Cambridge, UK from June 25th-27th 2008. For more information visit the [Code Generation 2008](#) web site.
