FOR Release 7th January 2008, 09:00:

Domain-Specific Modelling experts join as Code Generation 2008 sponsors

Domain-Specific Modelling experts MetaCase have joined as Silver sponsors of the unique Code Generation 2008 event. The company also sponsored the previous Code Generation 2007 event.

“We are extremely grateful to have been a central part of Code Generation 2007. We have high expectations for 2008, and are pleased to be sponsoring the event again.”, said James Hammond of MetaCase.

Experts from MetaCase will present as part of the conference programme and will be available to demonstrate and discuss the company’s flagship product, MetaEdit+®.

[Code Generation 2008](#) brings together industry experts and leading vendors from areas such as model-driven development, software factories and domain-specific languages in a three-day event covering the practical application of code generation tools and technologies.

The event takes place in Cambridge, UK from June 25th-27th 2008. For more information visit the [Code Generation 2008](#) web site.
