FOR Release 14th January 2008, 18:00:

ACCU join as Code Generation 2008 supporting partners

We are pleased to welcome ACCU as a supporting partner for Code Generation 2008.

ACCU is an organisation of programmers who care about professionalism in programming and are dedicated to raising the standard of programming.

ACCU publishes journals, runs both targeted mentored projects and a yearly conference, and hosts mailing lists to help programmers develop their skills and professionalism.

[Code Generation 2008](#) brings together industry experts and leading vendors from areas such as model-driven development, software factories and domain-specific languages in a three-day event covering the practical application of code generation tools and technologies.

The event takes place in Cambridge, UK from June 25th-27th 2008. For more information visit the [Code Generation 2008](#) web site.
